

"I Promise You"

(Verse 1)

All I want to do is spend my love with you,
Everything I don't do, I'll make it up to you.

(Chorus)

I promise, I promise you, I promise.
Memories will fade, but more memories will be made,
I promise, I promise you, I promise.

(Verse 2)

Nothing else means so much to me,
When I think of beauty, Sherry, you're the image I see.
And I'll love you to the end,
I promise, I promise you, I will.

(Bridge)

I love you so deeply, right down to the core,
I'll spend all my love with you, now and forevermore.
I said I'd love you to the end, and I meant every word,
It's the deepest kind of promise that you have ever heard.

(Verse 1)

All I want to do is spend my love with you,
Everything I don't do, I'll make it up to you.

(Chorus)

I promise, I promise you, I promise.
Memories will fade, but more memories will be made,
I promise, I promise you, I promise.

(Outro)

I promise you, Sherry.
I promise.
I'll love you to the end.
I promise you.
